Job location: Waller, TX 77484

Job type: Full-Time

Compensation: Competitive Wage and benefits
(including matching 401K)

Job Category: Management, Nursery

Company Overview

Magnolia Gardens Nursery was founded in 1978 and is a family owned and operated business located in Waller, TX. It operates on 150 acres specializing in trees, perennials and landscape shrubs. It also operates one of the leading commercial micro propagation businesses in the USA.

Job description:

Magnolia Gardens Nursery is seeking an experienced Assistant Grower. This position will be responsible for hands on growing of our product mix. These duties include, but are not limited to...

- Constant care and monitoring of growing facilities for optimum crop quality, climate, and placement.
- Responsible for all aspects of growing, including watering, fertilizing, spraying, and testing.
- Develop/document high quality standards for consistently growing crops developing best practices that will be incorporated into our computer production module
- Conduct trials/experiments to evaluate possible improvements to the crop
- Perform/track soil, water, disease tests as needed
- Identify/track/control insects
- Monitor/control manual and computerized irrigation systems
- Interact/communicate with a dedicated, knowledgeable, friendly grower team
- Identify crop problems and develop corrective and preventative actions
- Lead/Supervise 3-8 employees in the product department

Qualified candidates must be process driven, self-motivated, develop and work as part of a team, and possess strong management, organizational, and communication skills. Attention to detail is of the utmost importance. The Assistant Grower should be capable of working within broad parameters with minimal supervision. He/she must be able to work with co-workers in a courteous professional manner at all times. Candidates must be well organized in all aspects of work, with the ability to multi-task.

Job Requirements:

Education, training, experience:

Candidates must have at least 3 years of growing or related production experience with a proven ability to execute and supervise a growing team. A degree in Horticulture or related field is preferred but not required. Being bi-lingual (English/Spanish) is highly preferred but not required.

Candidates that are interested and qualified for this position should email resumes to jobs@magnoliagardens.com
